

Monthly Indicators

A RESEARCH TOOL PROVIDED BY MINNEAPOLIS AREA REALTORS®

October 2022

Existing home sales declined nationwide for the eighth consecutive month, falling 1.5% as of last measure, according to the National Association of REALTORS® (NAR), with sales down nearly 24% from the same period last year. Pending home sales also declined, dropping 10.9% month-to-month, exceeding economists' expectations. Stubbornly high inflation and soaring borrowing costs have eroded buyer purchasing power and have caused the market to cool rapidly this year.

New Listings in the Twin Cities region decreased 19.7 percent to 5,019. Pending Sales were down 37.7 percent to 3,611. Inventory levels rose 5.1 percent to 8,756 units.

Prices continued to gain traction. The Median Sales Price increased 4.7 percent to \$356,002. Days on Market was up 33.3 percent to 36 days. Buyers felt empowered as Months Supply of Homes for Sale was up 26.7 percent to 1.9 months.

The US housing market is undergoing a major shift, and affordability continues to be an obstacle for buyers and sellers. Mortgage rates have doubled since March, and home prices remain elevated due to a limited supply of homes, although price gains are slowing at a quickening pace. As a result, many homeowners are waiting until market conditions improve to sell their home, while other sellers are increasingly cutting prices and offering concessions to attract a greater number of buyers.

Historical Price Per Square Foot

ShowingTime Housing Value Index

The value index employs a multi-variate, linear regression methodology to determine specific weights that adjust for both seasonality and segment bias to arrive at a real, constant-quality view of home values. The index is set to the median sales price in January 2003.

October

	Housing Value Index	Prior Year	Percent Change

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income was 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

October

Year to Date

	Housing Affordability Index	Prior Year	Percent Change
