BROUGHT TO YOU BY THE UNIQUE DATA-SHARING TRADITIONS OF THE REALTOR® COMMUNITY

For Week Ending November 19, 2016

Publish Date: November 28, 2016 • All comparisons are to 2015

With the holiday season in full swing, existing home sales rose for the second straight month to the highest they have been since 2007. This was unexpected, since prices are also at record highs and inventory is still consistently declining. As both incomes and employment figures continue to improve, it would be a welcome surprise to see sales trend higher through to the end of the year.

In the Twin Cities region, for the week ending November 19:

- New Listings increased 10.9% to 950
- Pending Sales increased 8.0% to 902
- Inventory decreased 19.7% to 11,975

For the month of October:

- Median Sales Price increased 6.5% to \$230,000
- Days on Market decreased 14.3% to 60
- Percent of Original List Price Received increased 0.8% to 96.9%
- Months Supply of Homes For Sale decreased 21.2% to 2.6

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.
